

Every Day Use - Scanner Bin™

use Scanner Bin as a regular deskside bin, toss in receipts, notes, letters, product warranties, invoices, or anything else you want to scan

to scan documents, empty the contents of the bin and then place on desk with cutout facing up

position smartphone using white alignment bumpers

use the transparent Flat Sheet to hold folded paper flat, Flat Sheet cut-out is positioned directly below smartphone to avoid glare

utilize a scanning application or the standard camera app to scan images
